Maths	65%	24%	73%
% of children meeting the expected level in reading, writing and maths	65%		61%
Science	76%		81%

We are very proud of our pupil's achievements this year. This cohort was only made up from 17 pupils so each pupil is the same as 6% as opposed to 3% in an average class size of 30 pupils. Two of the 17 pupils were not able to take the tests due to their educational needs meaning our results are actually made up from only 15 pupils. All pupils made excellent progress across the year and were secondary ready. Congratulations to them all for all they achieved with us here at St Joseph's.
